## SCHOOL POLICY

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

### **THIS ACCEPTABLE USE AGREEMENT IS INTENDED TO ENSURE:**

That young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use.

That school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.

The school will try to ensure that pupils will have good access to digital technologies to enhance their learning and will, in return, expect the pupils to agree to be responsible users.

## ACCEPTABLE USAGE POLICY

These rules have been written to make sure that you stay safe when using the computers. By using the IT in school, you have agreed to follow these rules. Your teacher will talk about these rules before you sign them and a copy will be sent home to your parents.

- I will ask a teacher or suitable adult if I want to use the computers
- I will only use activities that a teacher or suitable adult has told or allowed me to use
- I will take care of the computer and other equipment
- I will ask for help from a teacher or suitable adult if I am not sure what to do or if I think I have done something wrong
- I will tell a teacher or suitable adult if I see something that upsets me on the screen
- I know that if I break the rules I might not be allowed to use a computer/tablet

### Parent or Carer's Agreement

I have read and understand the online-safety rules for this school. I give permission for my child to access the Internet. I understand that the school will take all reasonable precautions to ensure that my child is a safe and responsible digital user.

I understand that the school cannot be held responsible for the content of materials accessed through the Internet but I expect that the school will ensure that that the filtering and monitoring systems are in place and will take appropriate action in accordance with the online-safety rules. I agree that the school is not liable for any damages arising from the use of digital technology.

I will support my child by demonstrating safe and responsible use of digital technology.
